

Scoring Information

SCI-QOL, SCI-FI, and TBI-QOL Short-Form

1. After a participant has answered all of the questions on the short-form, sum the responses on the form to create a raw score. The participant should answer all of the questions.
2. Convert that raw score to an IRT-based *T*-score using the appropriate $T_d(-)T_j0k$

If you have questions, contact SCI-QOL@udel.edu

SCI-FI Raw Score	% of Total	Fine Motor SF9a	SE
9		31.38	4.59
10		35.81	2.81
11		36.67	2.75
12		37.68	2.61
13		38.53	2.45
14		39.60	2.02
15		40.28	1.91
16		40.96	1.77

9 included items are as follows:

- CComm3
- CComm8
- Chand1
- PFB20
- PFB21
- PFB33
- PFA40
- Chand9
